INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Members,
Vacation Villas at FantasyWorld Time-Share
Owner's Association, Inc., and Subsidiaries:

Report on the Consolidated Financial Statements

We were engaged to audit the accompanying consolidated financial statements of Vacation Villas at FantasyWorld Time-Share Owner's Association, Inc. and Subsidiaries (the "Association"), which comprise the consolidated balance sheet as of December 31, 2018, and the related consolidated statements of revenues, expenses, and changes in fund balance and cash flows for the year then ended, and the related notes to consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Association's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Vacation Villas at FantasyWorld Time-Share Owner's Association, Inc. and Subsidiaries as of December 31, 2018, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

WithumSmith+Brown, PC 200 South Orange Avenue, Suite 1200, Orlando, Florida 32801-3400 T (407) 849 1569 F (407) 849 1119 withum.com

Emphasis of Matter Regarding Interfund Receivable

As discussed in Note 12 to the consolidated financial statements, the Association's operating fund owed the replacement fund $1,980,133 on December 31, 2018. The repayment of the interfund receivable due from the operating fund is dependent on the operating fund generating sufficient income to both cover the current expenses of the Association and to repay the replacement fund. Our opinion is not modified with respect to that matter.

Future Major Repairs and Replacements

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. We have not applied procedures to determine whether the funds designated for future major repairs and replacements as discussed in Note 12 are adequate to meet such future costs because that determination is outside the scope of our audit.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedule of consolidated revenues and expenses - operating fund on pages 15 and 16 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of the Association's management and, except for that portion marked "unaudited," was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information, except for that portion marked "unaudited," has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, except for that portion marked "unaudited," on which we express no opinion or any assurance, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the schedule of future major repairs and replacements on page 17 be presented to supplement the basic consolidated financial statements. Such information, although not a part of the basic consolidated financial statements, is required by the Financial Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic consolidated financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic consolidated financial statements, and other knowledge we obtained during our audit of the basic consolidated financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Notes to Consolidated Financial Statements are an integral part of this statement.

1. ORGANIZATION AND PURPOSE

Vacation Villas at FantasyWorld Time-Share Owner's Association, Inc. and Subsidiaries (the "Association") was incorporated under the laws of the state of Florida as a not-for-profit corporation for the purpose of managing, operating, and maintaining a time-share resort located in Osceola County, Florida. Operations of the Association began on April 19, 1991, under the administration of Orlando Resort Development Group, Inc. (the "former Developer"). In November 2017, the former Developer assigned all rights and obligations of the Developer to the Association. On December 31, 2018, the Association consists of 10,660 weekly interval units of which approximately 604 were owned by the Association.

These consolidated financial statements include the operations of the Association and its wholly-owned subsidiaries, FantasyWorld Management Services, Inc. ("FMS") and FantasySurf, LLC ("FS"). FMS owns the rental unit and manages the Association (Note 8). FS oversees the Flow-Rider indoor surf attraction and the related retail shop and restaurant on a parcel of land separate from the Association. During 2015, the Flow-Rider indoor surf attraction was closed due to malfunction of equipment and remained closed through 2018.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Consolidation

The accompanying consolidated financial statements include the accounts of the Vacation Villas at FantasyWorld Time-Share Owner's Association, Inc. and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated. The activity of the wholly-owned subsidiaries is included in the operating fund.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

The Association's governing documents provide certain guidelines for governing its financial activities. To ensure observance of limitations and restrictions on the use of financial resources, the Association maintains its accounts using fund accounting. Financial resources are classified for accounting and reporting purposes in the following funds established according to their nature and purpose:

Operating Fund – This fund is used to account for financial resources available for the general operations of the Association.

Replacement Fund – This fund is used to accumulate financial resources designated for future major repairs and replacements.

Restricted Cash

Restricted cash consists of funds held in escrow for real estate taxes.

Assessments Receivable and Allowance for Doubtful Accounts

Assessments receivable represent amounts due from interval owners for maintenance and taxes. The budgeted amount of the annual assessment for the replacement fund is funded from annual cash receipts. All assessments receivable are presented in the operating fund.

The Association provides for estimated future losses to be incurred due to uncollectible assessments. The allowance is based on past collection and industry experience at amounts deemed to be sufficient to sustain any material losses that may result from unpaid accounts. Receivables are considered delinquent when they are 30 days past due. When all collection efforts have been exhausted, delinquent receivables are charged against the allowance. Factors which influence management's judgment in determining the appropriate allowance for doubtful accounts, and for charging off uncollectible accounts, include past collection experience and industry standards. For the year ended December 31, 2018, bad debt expense was $2,322,422.

Rental Program, Bar, and Restaurant Income

The Association's rental program income is primarily derived from the rental of Association-owned intervals and food and beverage sales. Revenue is recognized when the intervals are occupied, and services have been rendered.

Inventory of Time-Share Intervals

Inventory of time-share intervals is valued at the lower of cost or market, which approximates net realizable value. These intervals have been acquired by the Association through foreclosure proceedings related to unpaid assessments. As the inventory has no net realizable value, no value has been recorded on December 31, 2018.

Property and Equipment

Common property acquired from the Developer and others and related improvements to such property are not recognized in the Association's consolidated financial statements. Those properties are owned by the individual interval owners in common and not by the Association. Replacements, major repairs, and the purchase of additional commonly owned assets are accounted for as expenditures in the replacement fund.

Tangible property acquired for the maintenance and operation of the Association and its subsidiaries is capitalized in the consolidated financial statements.

Property and equipment are stated at cost. Depreciation is calculated using the straight-line method over the following estimated useful lives:

Description	Estimated Life (Years)
Buildings and the rental units	40
Furnishings, fixtures and equipment	5-7

The cost of additions and improvements which substantially extend the useful lives of property and equipment is capitalized. Repair and maintenance costs are charged to expense. Upon sale or retirement, the cost and related accumulated depreciation are removed from the accounts and any gain or loss is included in income.

Depreciation expense was $88,739 for the year ended December 31, 2018.

Goodwill

Accounting principles generally accepted in the United States of America require that goodwill be tested for impairment when a triggering event has occurred that indicates that the fair value may be below its carrying value. Additionally, amortization over an appropriate period of up to 10 years is permissible. Management has determined that there have been no triggering events indicating possible impairment during the year ended December 31, 2018, and has elected a 10-year amortization period which began January 1, 2014.

Prepaid Assessments
Prepaid assessments consist of 2019 and future maintenance and tax assessments received by the Association in 2018.

Deferred Deed Back Revenue
Deferred deed back revenue consists of 2019 and future revenue received by the Association as part of the five-year deed back program and the wind-down plan. For the five-year deed back program, the owners pay five years of maintenance fees and sign a deed back to the Association. In return, the owners receive five certificates of usage, but do not own the interval any longer. In lieu of the five-year deed back program, beginning in 2014, the Association offered the owners to return their intervals through the wind-down plan. In this plan, the owners determine the number of additional years of usage they would like currently ranging from 2019 through 2030. Based on the number of years of usage, they pay a fee to the Association as noted in the agreement and they sign a deed back to the Association. The owners are no longer responsible for the intervals and are not charged any additional maintenance fees, special assessments, or other charges. The revenue from these arrangements is recognized over the life of the contracts on the straight-line method adjusted for estimated increases in maintenance costs.

Income Taxes
For the year ended December 31, 2018, the Association elected to be taxed as a regular corporation. Membership income is exempt from taxation if certain elections are made. Consequently, the Association is taxed only on its nonmembership income, such as interest earnings, at regular federal and state corporate tax rates. When applicable, interest and penalties will be reflected as a component of income tax expense.

Advertising Costs
All costs associated with advertising and promoting the resort and other operations are expensed in the year incurred. Advertising expense for the year ended December 31, 2018, was $61,998.

Valuation of Long-Lived Assets
The Association reviews long-lived assets, including property and equipment, for impairment whenever events and changes in business circumstances indicate that the carrying amount of the assets may not be fully recoverable. Management has determined that no impairment loss was required to be recognized for the year ended December 31, 2018.

Recently Issued Accounting Pronouncements
In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2014-09, *Revenue from Contracts with Customers* (Topic 606), which supersedes all existing revenue recognition requirements, including most industry-specific guidance. Together with subsequent amendments, this created Accounting Standards Codification Topic 606 ("ASC 606"). ASC 606 requires an entity to recognize revenue when it transfers goods or services to customers in an amount that reflects the consideration that the entity expects to receive for those goods or services. ASC 606 also expands disclosure requirements. ASC 606, as amended May 20, 2020, will be effective for the Association beginning January 1, 2020. ASC 606 allows for either "full retrospective" adoption, meaning the standard is applied to all of the periods presented, or "modified retrospective" adoption, meaning the standard is applied only to the most current period presented in the financial statements. The effect of this guidance on the consolidated financial statements of the Association has not been determined.

Accounting Pronouncements Issued But Not Yet Adopted

In February 2016, the Financial Accounting Standards Board issued Accounting Standards Update No. 2016-02, *Leases* (Topic 842), which supersedes existing lease accounting standards. Together with subsequent amendments, this created Accounting Standards Codification Topic 842 ("ASC 842"). ASC 842 requires that a lessee recognize a right-of-use asset and a corresponding liability for its obligation under virtually all operating leases, as well as expands disclosure requirements for both lessees and lessors. ASC 842 is effective for annual reporting periods beginning after December 15, 2021. Early adoption is permitted. The Association is currently evaluating the effect of the adoption of ASC 842 on its results of operations, financial position, and cash flow.

Subsequent Events

The Association has evaluated subsequent events through October 18, 2021, the date which the consolidated financial statements were available to be issued. Based upon this evaluation, the Association has determined that except for the matters disclosed in Notes 7, 9 and 17, no other subsequent events have occurred which require adjustment to or disclosure in the consolidated financial statements.

3. REVISION TO PREVIOUSLY ISSUED FINANCIAL STATEMENTS

The Association's previously issued financial statements have been revised to correct errors which arose in the prior period. The errors related to improperly accruing real estate taxes which had already been recorded and not recording an impairment loss. This error caused the operating fund balance to be understated by $863,475 and accrued expenses to be overstated by $863,475 as of December 31, 2017.

As a result of the correction, the operating fund balance increased as of December 31, 2017 by $863,475, and accrued expenses decreased as of December 31, 2017 by $863,475 as compared to the Association's previously issued financial statements.

4. OWNER ASSESSMENTS

Pursuant to the Declaration of Time-Share Plan and By-Laws of the Association, assessments (both regular and special) are allocated to the unit owners in the proportions or percentages provided in the Declaration. The annual budget and owner assessments are determined by the Board of Directors.

The 2018 annual assessments to weekly interval owners were as follows:

Maintenance	$	610
Replacement fund		134
Real estate taxes, as agent		82
	$	826

The Association is collecting assessments for and remitting real estate taxes on behalf of individual interval owners. Therefore, the real estate tax assessments and the related expenses are not presented on the Association's consolidated statement of revenues, expenses, and changes in fund balance.

5. INVENTORY OF TIME-SHARE INTERVALS

For the year ended December 31, 2018, the Association bore the financial responsibility for approximately 590 weekly intervals. The real estate tax and replacement fund assessments for these units of $48,581 and $79,254, respectively, have been charged to operating expense for 2018. The operating portion of the assessments for these weekly intervals has been excluded from assessment revenue for 2018. As the inventory has no net realizable value, no value has been recorded on December 31, 2018.

6. ASSIGNED NOTE PORTFOLIO

In November 2017 as part of a settlement agreement with the former Developer, the Association was assigned a note portfolio consisting of owner mortgages for timeshare interests. The Association was assigned the note portfolio consisting of approximately $6.3 million in original mortgage notes with an outstanding balance of approximately $5.1 million at December 31, 2018. These notes are deemed fully uncollectible and no amounts were collected during 2018.

7. PROPERTY AND EQUIPMENT

Property and equipment consist of the following on December 31, 2018:

Land	$	863,788
Buildings		3,101,769
Furnishings, fixtures, and equipment		1,308,651
Rental unit		254,458
Total		5,528,666
Less: Accumulated depreciation		(1,796,742)
Property and equipment, net	$	3,731,924

On February 27, 2019, the Association purchased a parcel of land next to the previous FantasySurf building for approximately $323,000 which will be used for a new amenity for the Association.

In October 2020, April 2021, and September 2021, the Association purchased additional rental units from private owners totaling approximately $450,000.

8. GOODWILL

The gross carrying amounts of goodwill, accumulated amortization, and accumulated impairment loss on December 31, 2018, are as follows:

Goodwill	$	2,834,545
Accumulated amortization		(1,417,271)
Accumulated impairment loss		-
Goodwill, net	$	1,417,274

The Association amortizes goodwill on the straight-line method over 10 years. Amortization expense for the year ended December 31, 2018, was $283,454. Future amortization for the next five years is $283,454 annually.

9. MANAGEMENT AGREEMENT

The property and affairs of the Association are managed by FMS under an agreement expiring October 21, 2020. Under this agreement, a management fee of $375,000 is due for the first year and will increase by 3% in October of each subsequent year the agreement is in place. This agreement is automatically renewed for successive periods of three years unless canceled by either party with 60 days' written notice. In 2020, this contract was renewed for three years under the terms provided.
As FMS is a wholly-owned subsidiary of the Association, the management fee revenue and related expense are eliminated and not presented in these financial statements. The fee incurred for the period of the contract in 2018 was approximately $377,000.

10. NOTES PAYABLE

Notes payable consist of the following on December 31, 2018:

Note payable, Phoenix Resorts, Inc. and Fantasy World Management, Inc., interest at 9% per annum, collateralized by real property and assignment of rental contracts, and requires monthly payments of principal and interest of $15,396 which commenced in July 2013 and matures in May 2035.	$ 1,583,989

Future maturities of the note payable on December 31, 2018, are as follows:

2019	$ 43,983
2020	48,109
2021	52,622
2022	57,558
2023	62,958
Thereafter	1,318,759
	$ 1,583,989

For the year ended December 31, 2018, interest expense related to notes payable amounted to $144,546.

11. INSURANCE NOTE PAYABLE

On December 31, 2018, insurance note payable consists of an insurance premium finance agreement with Brown & Brown, Inc., which requires monthly payments of $27,210, matures in October 2019, and is secured by an interest in the financed insurance policies.

12. REPLACEMENT FUND

The Association's governing documents and Florida Statutes require the Association to accumulate funds for future major repairs and replacements. The funds are segregated and held primarily in interest bearing accounts. All interest income earned on these accounts is allocated to the replacement fund.

An independent specialist conducted a study in 2019 to estimate the remaining useful lives and the current replacement costs of the components of common property. The table included in the supplementary information on future major repairs and replacements, which is unaudited, is based on that study, as updated by management.

The Association is funding for major repairs and replacements over the estimated remaining useful lives of the components based on the study's estimates of current replacement costs and considering the amounts previously accumulated in the replacement fund. Accordingly, funding of $786,510 has been included in the 2019 budget.

Funds are being accumulated in the replacement fund based on the estimated current costs for repairs and replacements of common property components. Actual expenditures may vary from the estimated amounts, and the variation may be material. Consequently, the amounts accumulated in the replacement fund may not be adequate to meet all future needs for major repairs and replacements. If additional funds are needed, the Association has the right, subject to Board of Directors approval, to increase regular assessments, pass special assessments, or delay major repairs and replacements until funds are available.

On December 31, 2018, the Association's operating fund owed $1,980,133 to the replacement fund. The repayment of the interfund receivable due from the operating fund is dependent upon the operating fund generating sufficient income to both cover the current expenses of the Association and to repay the replacement fund.

13. RELATED PARTY TRANSACTIONS

The Association is affiliated through common ownership and management with other owners' associations through its relationship with the Management Company.

Additionally, the Association is a member of Fantasyworld Club Villas Homeowners' Association, Inc. (the "Master Association"). The Association has 205 units in the Master Association, and through this relationship was charged $994,972 in membership fees during 2018. Additionally, the Association was charged $137,576 for Master Association fees for the units in the rental program.

Due from affiliates at December 31, 2018, consists of amounts due from the Master Association and another related entity which consist of informal noninterest bearing advances which are in the nature of trade receivables, due on demand.

In addition to the management fees referred to in Note 9, the Association has entered into agreements whereby the Management Company processes owners' assessment payments made on the Association's website and operates a rental program for delinquent interval owners' units and units owned by the Association. The Management Company receives a commission on the rented units.

In accordance with the management agreement with the Master Association, the Management Company charged management fees to the Master Association for approximately $25,000. This amount is included in bar revenues, resort fees and other on the consolidated statement of revenues, expenses, and changes in fund balance.

14. LEASING ACTIVITIES

The Association rents office equipment under a noncancellable operating lease expiring in October 2022. Per the lease agreement, the payments are split equally between the Association and the Master Association under an informal cost sharing agreement.

In addition, the Association rents golf carts under noncancellable operating leases expiring in May 2022.

Future minimum lease payments under these noncancellable operating leases at December 31, 2018, are as follows:

2019	$	23,239
2020		21,799
2021		21,799
2022		6,219
	$	73,056

Total rent expense under all operating leases, including usage costs and month-to-month rentals, for the year ended December 31, 2018, was $23,029.

15. INCOME TAXES

For the year ended December 31, 2018, nonmembership income exceeded the related expenses. Consequently, federal income tax expense of $277 is recorded in the operating fund.

The Association has no temporary differences relating to the recognition of income and expenses for financial and tax reporting purposes. Accordingly, no deferred tax assets or liabilities are recorded.

Management analyzed its various federal and state income tax filing positions and believes that no accruals for tax liabilities related to uncertain income tax positions are required on December 31, 2018. Therefore, no reserves for uncertain income tax positions have been recorded. During 2018, there were no increases or decreases in unrecognized tax benefits for current or prior years and no significant increases or decreases in unrecognized tax benefits are expected to occur within the next 12 months.

16. COMMITMENTS AND CONTINGENCIES

Concentrations of Credit Risk

Financial instruments which potentially subject the Association to concentrations of credit risk, as defined by accounting principles generally accepted in the United States of America, consist primarily of bank accounts with balances, at times, in excess of amounts insured by the Federal Deposit Insurance Corporation ("FDIC") and assessments receivable. Management of the Association evaluates the financial stability of its depositories and considers the risk of loss to be remote. The Association's assessments receivable is related to billed assessments. The Association monitors the collectibility of these assessments receivable and pursues collection through lockout procedures and rental of units related to delinquent accounts. Management routinely assesses the uncollectibility of the Association's assessments receivable and provides for allowances for doubtful accounts based on this assessment.

Litigation

During the course of its operations, the Association is subject to various claims, torts, and actions. Management reviews the validity of such actions and acts accordingly. Management does not believe the outcome of any current actions will result in a material loss to the Association.

Insurance Matters

In the event of a disaster, the Association could be exposed to losses for damages in excess of insurance coverage limits. Management considers this risk of loss to be remote and its insurance coverage adequate.

17. SUBSEQUENT EVENTS

Impact of COVID-19 Pandemic

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus ("COVID-19") as a pandemic, which continues to spread throughout the United States. The spread of COVID-19 has caused significant volatility in U.S. and international markets. There is significant uncertainty around the breath and duration of business disruptions related to COVID-19, as well as its impact on the U.S. and international economies and, as such, the Association is unable to determine if it will have material impact to its operations.

Paycheck Protection Program Loans

In May 2020, the Association secured a Small Business Association ("SBA") loan from an institution under the Paycheck Protection Program in the amount of approximately $542,000. The loan accrues interest at 1% annually and matures on May 22, 2022. The outstanding principal and interest may qualify for full forgiveness if the funds are used for the approved purposes, which include certain payroll and administrative costs. In June 2021, the Association received notification that it received full forgiveness of the loan.

In February 2021, the Association secured a Small Business Association ("SBA") loan from an institution under the Paycheck Protection Program in the amount of approximately $761,000. The loan accrues interest at 1% annually and matures on February 1, 2026. The outstanding principal and interest may qualify for full forgiveness if the funds are used for the approved purposes, which include certain payroll and administrative costs.

Franchise Agreement

In September 2021, FMS entered into an agreement with Sbarro Franchise Co, LLC ("Sbarro") for the Association to operate a restaurant at the Association's location. This agreement commences on September 1, 2021 and continues for ten years unless renewed or terminated sooner. At the expiration of this agreement, FMS may renew it for an additional ten years. In accordance with the agreement, FMS will pay an initial franchise fee of $25,000 at the commencement of this agreement and FMS agrees to pay Sbarro an ongoing royalty fee of 5% of gross revenues weekly. Sbarro is scheduled to open the first half of 2022 and the royalties will commence when the revenues are incurred.

Sale of Property and Equipment

In February 2019, the Association entered into an agreement to sell the Flow-Rider indoor surf attraction equipment and the proceeds from this agreement of $130,000 are equal to the book value (cost of $897,250 and accumulated depreciation of $767,250) of the affected equipment at December 31, 2018.

Schedule of Future Major Repairs and Replacements (Unaudited)

December 31, 2018

An independent specialist conducted a study in 2019 to estimate the remaining useful lives and the current replacement costs of the components of common property. Replacement costs were based on the estimated costs to repair or replace the common property components at the date of the study. Estimated current replacement costs do not take into account the effects of inflation between the date of the study and the date that the components will require repair or replacement.

The following table, which presents significant information about the components of common property, is based on that study, as updated by management:

Components	Remaining Estimated Useful Lives	Estimated Current Replacement Costs	Fund Balance December 31, 2017	Additions	Expenditures	Fund Balance December 31, 2018
Roof replacement	0 - 29 years	$ 2,743,908	$ 425,397	$ 158,110	$ 369,585	$ 213,922
Building painting	-	222,474	121,105	23,748	-	144,853
Building and equipment	1 - 12 years	317,094	190,037	81,712	257,806	13,943
Pavement resurfacing	-	-	83,806	18,110	-	101,916
Check-in facility	-	-	209,840	53,333	-	263,173
Furniture and fixtures	5 - 19 years	5,239,622	2,451,399	1,050,027	630,156	2,871,270
		$ 8,523,098	$ 3,481,584	$ 1,385,040	$ 1,257,547	$ 3,609,077
